Decision Upon the Proposition to Cull a Convention of the Cauens of the Conservative Democratic Members of the Legislature Held in Frankfort February 6th. 1866.

At a meeting of the Conservative Deniocratic members of the Legislature, held at the hall of the House of Representatives, on the 6th of February, 1866, on motion of W. R. WASHINGTON, D. C., Murch 8, 1866. Messrs. Editors: To-day we have had our first insight luto a "full-blast" session f the Congress of the United States of

America. We must confess that the exalted ideas we have heretofore entertained of that august (?) assemblage have very much lowered. We have thought that ccasionally in the Kentucky Legislature there were scenes of confusion and disorder which were rather disgraceful than write that body a pattern of good order and propriety of conduct-that is to say if the Congress, the highest legislative as embly, is to be regarded as a standard y which to comparc. The House of Repentatives is particularly remarkable or disorder. We are not yet prepared to ilse, except loyalty, which means, in this titude, negro auperlority.
